ITINERARY

Day 01: Fukuoka Airport

Welcome to Fukuoka! Our tour guide will greet and direct you to transfer to the hotel.

Overnight: Hotel Nikko Fukuoka or similar class

NOTE 1: If you wish to stay extra nights before the tour starts, please contact us to book hotel accommodations.

Day 02: Nagasaki (Peace Park / Glover Garden / Gunkanjima Island)

The day begins with a visit to Nagasaki and visit the Peace Memorial Park with its famous peace statue. Next is visit to the Glover Gardens, an open air museum, also a place where we can see a fine collection of historic mansions of former Western residents of Nagasaki. Then, visit the Gunkanjima Island, a small island located about 20 kilometers from Nagasaki Port. Until 1974, the island served as a coal mine, and more than 5000 residents called the 480 meter long, 150 meter wide island home, resulting in the highest population density in history recorded worldwide. To accommodate so many people in such a small area, every piece of land was built up so that the island came to resemble a massive battleship. In fact, "Gunkanjima" means "battleship island" in Japanese. The island was formally approved as UNESCO World Heritage site in July 2015. Tonight, we will stay at the onsen ryokan at Unzen Onsen, where you can soak in the therapeutic waters of a spa bath and feast on a traditional Japanese Kaiseki banquet dinner.

Overnight: Unzen Onsen Miyazaki Ryokan or similar class

Meals: Breakfast & Dinner

Day 03: Ferry from Shimabara to Kumamoto, Kumamoto (Kumamoto Castle), Takachiho (Takachiho Gorge / Amano Iwato Shrine & Amano Yasukawara / Yokagura Performance)

Today we will take a 30 minute ferry from Shimabara and cross the Ariake Sea to Kumamoto. In Kumamoto, we will visit the Kumamoto Castle, considered one of the three premier castles in Japan. From Kumamoto, we drive east to Takachiho, a town in northern Miyazaki Prefecture that is steeped in Japanese mythology. It is the supposed site of legend where Amaterasu, the Shinto Sun Goddess, disturbed by her brother's cruel pranks, hid herself in a cave, prompting the other gods and goddesses to try and lure her out. Another legend suggests that this is where Amaterasu's grandson Ninigi-no- Mikoto descended to earth to establish Japan's imperial family. Takachiho is also known as a "power spot", a place of profound religious importance and natural beauty, which radiates spiritual energy. We will visit Takachiho Gorge, a narrow chasm cut through the rock by the Gokase River. The nearly sheer cliffs lining the gorge are made of slow forming volcanic basalt columns, which resemble the scales of a dragon where the stone twisted and flowed as it was formed. Partway along the gorge is the 17 meter high Minainotaki waterfall cascading down to the river below, and it is truly impressive to see the waterfall against a backdrop of dense green foliage and the surrounding grey cliffs. Then visit Amano Iwato Shrine and Amano Yasukawara. Amano Iwato Shrine was built near the cave where Amaterasu is said to have hid herself. A short walk down the road from Amano Iwato Shrine is a path that leads down to the river below. Eventually the path leads to a simple shrine inside a cave known as Amano Yasukawara. This is said to be the cave where the gods and goddesses met to discuss their strategy of luring Amaterasu out of hiding. The natural beauty of the cave and river lined by countless stacks of stones make Amano Yasukawara a place not to miss. After dinner, we have a special treat-a Yokagura Dance Performance. An outrageously ribald dance that supposedly caused Amaterasu to leave the cave to see what all the fun was about, and in doing so she returned her light to the world.

Overnight: Hotel Takachiho or similar class

Day 04: Beppu (Beppu Hells / Mt. Takasaki Monkey Park), Usa (Usa Jingu Shrine), Shinkansen Bullet Train from Kokura to Hiroshima

After your Japanese breakfast at the hotel, head out to marvel at one of Beppu's most celebrated attractions, the Jigoku Meguri, or "Boiling Hells" hot springs. View two of the nine hot springs or hells of Beppu. These hot springs are ideal for viewing rather than bathing. The springs earned their name because it was said that these mysterious, steamy attractions resembled a scene from hell ("jigoku" means "hell"). Then we will enjoy a scenic drive to Mt. Takasaki Monkey Park where we will take a monorail up to the observation area. Mt. Takasaki is a forested mountain just outside of Beppu and home to over 1,500 wild Japanese monkeys. Within this natural habitat, the monkeys have been fed regularly in order to keep them living on the mountain and prevent conflicts with local fruit farmers. The monkeys are quite accustomed to human visitors, and it is possible to get very close in order to take their pictures! From here, visit the Usa Jingu Shrine en route to Kokura before taking a ride on the top speed Shinkansen bullet train to Hiroshima.

Overnight: Hiroshima Grand Prince Hotel or similar class

Meals: Breakfast & Lunch

Day 05: Hiroshima (Peace Memorial Park - A-Bomb Museum / Okonomiyaki Making / Miyajima Island - Itsukushima Shrine)

Today we will visit the Peace Memorial Park and Atomic Bomb Museum. Next, we will try making a popular Japanese dish called Okonomiyaki. This dish is a mixture of batter, cabbage, and any of your favorite ingredients. The mixture is then cooked on a hot plate and flipped using a metal spatula. The dish can be made easily at home, so you can show off your new skills to your family. After lunch, we will take a short ferry ride to the island of Miyajima, considered sacred by many. At high tide, the famed vermilion torii gate of the Itsukushima Shrine looks like it's floating in the middle of the sea. The shrine complex is listed as a UNESCO World Heritage Site and Miyajima has been selected as one of Japan's three most scenic places (nihon sankei).

Overnight: Hiroshima Grand Prince Hotel or similar class

Meals: Breakfast & Lunch

Day 06: Shimanami Kaido (Scenic Driving / Kosanji Temple / Kirozan Observatory), Takamatsu (Shikoku Mura Village)

Today we will drive through the Shimanami Kaido to Shikoku Island. The Shimanami Kaido is a 60 kilometer long toll road that connects Japan's main island of Honshu to the island of Shikoku, passing over six small islands in the Seto Inland Sea. It is also known as the Nishiseto Expressway. Stop by Kosanji Temple and Kirozan Observatory, views of the Kurushima Kaikyo Bridges standing among hundreds of islands beautifully scattered over the Seto Inland Sea. The modern observation deck is cleverly designed and built halfway into the ground of the hillside so as not to spoil the natural surroundings. Then, we continue our journey to Takamatsu with a visit to the Shikoku Mura Village. Shikoku Mura (Shikoku Village) is an open air museum situated at the base of Yashima. This pleasant hillside park preserves and exhibits traditional buildings and structures that have been relocated here from all over Shikoku Island.

From Shikoku Island, we will board a ferry to Honshu Island where we will stay in a monastery on Mt. Koya complete with authentic Buddhist vegetarian meals. We will experience life very much as a monk would in Japan. Mt Koya is the center of Shingon Buddhism, a Buddhist sect that was introduced to Japan in 805 by Kobo Daishi, one of the most significant personalities in Japan's religious history. The temple complex of over 100 temples is located on a mountain top, surrounded by cedar trees and mountain peaks.

Then visit to Kongo Buji Temple, the head temple of Shingon Buddhism, the sect introduced to Japan by Kobo Daishi in 805 and headquartered on Mt Koya.
