Day 2 Tokyo (Asakusa Sensoji Temple / Imperial Palace / Meiji Shrine / Tokyo Tower / Odaiba)

In the morning you will be taken to Asakusa Kannon Temple, an active place of worship where you can see the largest paper lantern in Japan. Here, discover the difference between a Shinto Shrine and a Buddhist Temple, then explore Nakamise Market, which resembles a traditional style shopping street of a bygone era. Then we will proceed to the Imperial Palace, the former site of Edo Castle. You can explore the park, surrounded by moats and stone fortifications, in the heart of the city. Next is a visit to Meiji Shrine. Meiji Shrine is a shrine dedicated to the deified spirits of Emperor Meiji and his consort, Empress Shoken. The shrine was completed and dedicated to the Emperor Meiji and the Empress Shoken in 1920, eight years after the passing of the emperor and six years after the passing of the empress. The shrine was destroyed during the Second World War but was rebuilt shortly thereafter. In the afternoon, we will visit the world's tallest self supporting steel tower. At 333 meters high, Tokyo Tower is 13 meters taller than its model, the Eiffel Tower. We will go up 150 meters to the main observatory deck and get a bird's eye view of Tokyo. From there we will cross the Rainbow Bridge, and be treated to stunning views of Tokyo Bay. We will travel to the man made islands of Odaiba and see cutting edge architecture, as well as the night view of Tokyo Tower and Rainbow Bridge.

Day 3 Hakone (Hakone Ropeway / Owakudani), Mt Fuji

We will depart from Tokyo to Hakone on our private luxury coach. We will take a tour of Hakone by taking a 20 minute ropeway from Togendai to Owakudani. Most of the area around Owakudani is considered an active volcanic zone since its creation from the eruption of Mount Hakone some 3,000 years ago. Now, you can experience hot springs and hot rivers there, where sulfurous fumes still linger. Owakudani also has splendid views of Mount Fuji in good weather. From Hakone we will proceed to Mt. Fuji. Along the way, enjoy the changing scenery, from thick vegetation to lowlands to rolling clouds. Stop at Mt. Fuji 5th station (depending on weather) to admire the world famous peak. We will stay at the Onsen Ryokan at Yatsugatake, where you can soak in the therapeutic waters of a spa bath and feast on a traditional Japanese Kaiseki banquet dinner.

Day 4 Matsumoto (Matsumoto Castle), Takayama (Old Town / Takayama Jinya)

Today we will head to Matsumoto where we'll visit the photogenic Matsumoto Castle, or Black Crow Castle, dating back over 400 years. Then, we will continue on to Takayama. This city is located amongst the Japanese Alps and is known as "Little Kyoto" for its preserved historical structures and environment. Due to its remote position in the mountains, it was cut off from the rest of Japan for most of its history and thus has maintained a very unique and traditional atmosphere. We'll explore the old town of Takayama. Along the way you'll notice the huge cedar balls hanging from the eaves of several shops - these indicate that the shops are sake. Next, visit Takayama Jinya, the only traditional local government office in existence and a fine example of a miniature palace containing offices, an interrogation room with torture devices and a 440- year old rice granary.

Day 5 Takayama (Morning Market), Shirakawa-go, Kanazawa (Kenrokuen), Shinkansen Bullet Train Ride

This morning we'll enjoy the lively city market before heading to the World Heritage-listed rural area of Shirakawa-go. In this very photogenic village, we will walk past thatched roof farm houses and cultivated fields and see unspoiled Edo period wooden buildings. From Shirakawa-go, we will depart to Kanazawa to visit Kenrokuen Garden, one of three most beautiful strolling gardens of Japan. The name Kenrokuen literally means a garden combining the 6 attributes of a perfect landscape: spaciousness, seclusion, artifice, antiquity, water features, and panoramas. Here, you'll find the oldest fountain in Japan and Kotoji-toro, the two-legged stone lantern that is iconic of Kenrokuen and Kanazawa. Next, experience a Shinkansen bullet train ride from Maibara to Kyoto, which can reach speeds of up to 300 km/hr. We will stay two nights in Kyoto, a historical city. During World War II it was spared from air raids and saved from the atomic bomb for its cultural and historical value.

Day 6 Kyoto (Kiyomizu Temple / Nishijin Kimono Show / Golden Pavilion / Arashiyama - Tenryuji Temple Zen Garden - Bamboo Grove - Togetsukyo Bridge / Gion Geisha District)

Today we will start our tour of Kyoto, once the capital of Japan and still considered its cultural center. First is a visit to the famous Kiyomizu Temple, best known for its wooden stage that juts out from its main hall, 13 meters above the hillside below. The stage affords visitors a nice view of the numerous cherry and maple trees below that erupt in a sea of color in spring and fall, as well as of the city of Kyoto in the distance. At the Nishijin Textile Center, you can view displays of kimonos and even watch a kimono fashion show. Visit the Kinkakuji Temple (Golden Pavilion) covered with 18 carat gold leaf. This three story structure was originally built by the Shogun Ashikaga Yoshimitsu in 1397. Next is a visit to Arashiyama to see Tenryuji Temple where you can have a glimpse of traditional Zen landscape garden design. Then proceed through a dense bamboo grove, past several small shrines, tea shops and private houses before arriving at the Togetsukyo Bridge over Hozu River. Lastly, we will tour Gion, the old Geisha Quarter, and Pontocho, whose cobblestone alleys vibrate with night life.

Day 7 Kyoto (Fushimi Inari Shrine), Uji (Green Tea Ceremony), Nara (Todaiji Temple / Deer Park), Osaka (Dotonbori - Shinsaibashi)

The day begins with a visit in the scenic and historic Fushimi district. We will visit the stunning vermilion colored Fushimi Inari Shrine, whose 4km long tunnel of scarlet torii gates was featured in the film *Memoirs of a Geisha*. This complex wraps around a bamboo wilderness that includes mountains, streams, and ponds, the perfect backdrop for a scenic hike. From there we continue to Uji where we will experience a traditional Japanese tea ceremony. From Uji, our coach departs to Nara, the oldest capital city of Japan. We will visit Todaiji Temple, the largest wooden building in Japan. This temple also houses the largest bronze statue of Buddha at 16.3 meters high, and the surrounding park is filled with over 1,000 Sika deer. Our last visit for this trip is Dotonbori, which runs parallel to the Dotonbori canal. A popular shopping, entertainment, and food district, Dotonbori is known for the hundreds of neon and mechanized signs that line the street, including the famous Glico Running Man and Kani Doraku Crab signs.

Day 8 Himeji (Himeji Castle), Kurashiki (Canal Area / Ohara Museum of Art)

Today we take a 2 hour ride on a luxury coach to Himeji to visit Himeji Castle. It is known as "White Egret Castle" and "White Heron Castle" because of its brilliant white exterior, resembling a bird taking flight. Himeji Castle is the largest and most visited castle in Japan, and is one of the few remaining original castles in Japan. This splendid example of traditional architecture was declared one of the first UNESCO World Heritage Sites in Japan. Next is a visit to Kurashiki. In merchant days, this scenic town thrived as a port for rice shipments. Several old rice granaries and examples of historic architecture still remain, in addition to the stone lined canal. We will also visit the Ohara Museum of Art, which is considered the first museum of Western art in Japan. It is a private museum consisting of three adjacent buildings next to the canal. Tonight, we will stay in a spa hotel in Kurashiki Yuga Onsen, where you can soak in the therapeutic waters of a spa bath and feast on a traditional Japanese Kaiseki banquet dinner.

Day 9 Seto Ohashi Bridge, Takamatsu (Shikoku Mura Village / Ritsurin Park)

After your Japanese breakfast at the hotel, we will cross the inland sea through the Seto-ohashi Bridge to Shikoku Island. Seto-ohashi Bridge is a collective term for the six bridges that connects Japan's main island of Honshu to the island of Shikoku, passing over five small islands in the Seto Inland Sea. These beautiful bridges took 40 years and a tremendous amount of money to build. They are the essence of all available bridge-building technologies. Proceed to Takamatsu with a visit to the Shikoku Mura Village. Shikoku Mura (Shikoku Village) is an open air museum situated at the base of Yashima. This pleasant hillside park preserves and exhibits traditional buildings and structures that have been relocated here from all over Shikoku Island. Then visit Ritsurin Park, a masterpiece of Japanese landscape 100 years in the making. This sprawling park features beautiful ponds and pavilions with Mt. Shiun as the perfect backdrop.

Day 10 Shimanami Kaido (Scenic Driving / Kiroosan Observatory), Hiroshima (Peace Memorial Park - A-Bomb Museum / Miyajima - Itsukushima Shrine)

In the morning, we will drive through the Shimanami Kaido to Honshu Island. The Shimanami Kaido is a 60 kilometer long toll road that connects Japan's main island of Shikoku to the island of Honshu, passing over six small islands in the Seto Inland Sea. It is also known as the Nishiseto Expressway. We will stop by Kiroosan Observatory where you can take in views of the Kurushima Kaikyo Bridges standing among hundreds of islands beautifully scattered over the Seto Inland Sea. The modern observation deck was cleverly designed and built halfway into the ground of the hillside so as not to spoil the natural surroundings. In Hiroshima, we will visit the Peace Memorial Park and Atomic Bomb Museum. Then take a short ferry ride to the island of Miyajima, considered sacred by many. At high tide, the famed vermilion torii gate of the Itsukushima Shrine looks like it's floating in the middle of the sea. The shrine complex is listed as a UNESCO World Heritage Site and Miyajima has been selected as one of Japan's three most scenic places (nihon sankei).

Day 11 Shinkansen to Kokura, then board the "Sonic" express train to Kitsuki, Kitsuki (Kitsuki Samurai Districts - Ohara Residence), Beppu (Beppu Hells / Mt. Takasaki Monkey Park), Takachiho (Takachiho Shrine - Yokagura Performance)

This morning, we will take a ride on the top speed Shinkansen bullet train to Kokura, then board the "Sonic" express train to Kitsuki where we will visit the Kitsuki Samurai Districts. From Kitsuki, we proceed to a bather's paradise - the celebrated hot spring resort of Beppu. Marvel at one of Beppu's most celebrated attractions, the Jigoku Meguri, or "Boiling Hells" hot springs. View two of the nine hot springs or "hells" of Beppu. These hot springs are ideal for viewing rather than bathing. The springs earned their name because it was said that these mysterious, steamy attractions resembled a scene from hell ("jigoku" means "hell"). Then we will enjoy a scenic drive to Mt. Takasaki Monkey Park where we will take a monorail up to the observation area. Mt. Takasaki is a forested mountain just outside of Beppu and home to over 1,500 wild Japanese monkeys. Within this natural habitat, the monkeys have been fed regularly in order to keep them living on the mountain and prevent conflicts with local fruit farmers. The monkeys are quite accustomed to human visitors, and it is possible to get very close in order to take their pictures! From here, we drive west to Takachiho, a town in northern Miyazaki Prefecture that is steeped in Japanese mythology. It is the supposed site of legend where Amaterasu, the Shinto Sun Goddess, disturbed by her brother's cruel pranks, hid herself in a cave, prompting the other gods and goddesses to try and lure her out. Another legend suggests that this is where Amaterasu's grandson Ninigi-no-Mikoto descended to earth to establish Japan's imperial family. Takachiho is also known as a "power spot", a place of profound religious importance and natural beauty, which radiates spiritual energy. After dinner, we have a special treat-a Yokagura Dance Performance. An outrageously ribald dance that supposedly caused Amaterasu to leave the cave to see what all the fun was about, and in doing so she returned her light to the world.

Day 12 Takachiho (Takachiho Gorge / Amano Iwato Shrine), Ferry from Kumamoto to Shimabara

After breakfast, we will visit Takachiho Gorge, a narrow chasm cut through the rock by the Gokase River. The nearly sheer cliffs lining the gorge are made of slow forming volcanic basalt columns, which resemble the scales of a dragon where the stone twisted and flowed as it was formed. Partway along the gorge is the 17 meter high Minainotaki waterfall cascading down to the river below, and it is truly impressive to see the waterfall against a backdrop of dense green foliage and the surrounding grey cliffs. Then visit Amano Iwato Shrine and Amano Yasukawara. Amano Iwato Shrine was built near the cave where Amaterasu is said to have hid herself. A short walk down the road from Amano Iwato Shrine is a path that leads down to the river below. Eventually the path leads to a simple shrine inside a cave known as Amano Yasukawara. This is said to be the cave where the gods and goddesses met to discuss their strategy of luring Amaterasu out of hiding. The natural beauty of the cave and river lined by countless stacks of stones make Amano Yasukawara a place not to miss. After lunch, proceed to Kumamoto and take a 30 minute ferry crossing the Ariake Sea to Shimabara. Tonight we stay in a western style hotel in Nagasaki.

Day 13 Nagasaki (Dejima / Glover Garden / Gunkanjima Island), Fukuoka (Wagyu Dinner)

After breakfast, we will visit Dejima, an island with a 400- year history of Dutch trade. Next, visit to the Glover Gardens, an open air museum where we see a fine collection of historic mansions of former Western residents of Nagasaki. Then, head to Gunkanjima Island, a small island located about 20 kilometers from Nagasaki Port. Until 1974, the island served as a coal mine, and more than 5000 residents called the 480 meter long, 150 meter wide island home, resulting in the highest population density in history recorded worldwide. To accommodate so many people in such a small area, every piece of land was built up so that the island came to resemble a massive battleship. In fact, "Gunkanjima" means "battleship island" in Japanese. The island was formally approved as UNESCO World Heritage site in July 2015. In the afternoon, we depart Nagasaki to Fukuoka, where we will savor the world famous Wagyu beef.
