Take a step outside the crowded Tokyo metropolis for a 5- day itinerary that offers our passengers a more local cultural experience than you will find in the big city. Our Beyond Tokyo itineraries take you out into the native delights of the surrounding region; to Mount Fuji, the Izu Peninsula, Matsumoto, Tochigi, Nagano, and more. In springtime, the surrounding countryside offers some of the most picturesque, beautiful scenes imaginable.

One itinerary takes you to an early spring in Japan. On the Izu Peninsula, in the small town of Kawazu, The cherry blossoms of the Kawazu cherry tree bloom a full month earlier than any other tree on the mainland. To celebrate, the town comes together for the Kawazu Cherry Blossom Festival, which includes delicious cherry-flavored sweets and other festival activities under the bright pink flowers. Then, up in Yudanaka, the snow monkeys beckon to curious travelers who come to the Jigokudani Snow Monkey Park to watch the Japanese macaque bathe and groom each other.

Our other itinerary will take our guests to three romantic and celebrated floral landscapes of the late spring season. First, to the Hitachi Seaside Park, where millions of baby blue eyes spread over the grassy hills as far as can be seen. Next, in Tochigi, the Great Wisteria spreads its branches over a lovely flower park featuring red, white, and yellow wisteria blooms wound across tall trellises. Then, in the Fuji Five Lakes area, the Fuji Shibazakura Festival attracts visitors to the shores of Lake Motosu, where the phlox moss grows in a colorful quilt of tiny pink, white, and magenta blooms.

These tours explore the culture hidden in the popular sites and museums, including Matsumoto Castle, Zenkoji Temple, a ramen museum, a series of seven stunning waterfalls - an itinerary filled with some of the most unique sights you will find beyond Tokyo.
